## Product Specification

|                      |                                                                                                                                                                                                  |
|----------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 产品名称<br>Product Name | Recombinant Monkeypox Virus (MPXV) protein A35R                                                                                                                                                  |
| 货号<br>Catalog Number | CSB-DP608I                                                                                                                                                                                       |
| 组成成分<br>Presentation | Liquid, dissolved in PBS, pH 7.4, 50%glycerol                                                                                                                                                    |
| 来源<br>Source         | HEK 293                                                                                                                                                                                          |
| 标签信息<br>Tag Info     | Fc-tag                                                                                                                                                                                           |
| 氨基酸序列<br>AA sequence | MMTPENDEEQTSVFSATVYGDKIQGKNKRKRVLGICIRISMVISLLSMITMSAFLIVRL<br>NQCMSANEAAITDSAVAVAAASSTHRKVASSTTQYDHKESCNGLYYQGSCYILHSDY<br>KSFEDAKANCAAESSTLPNKSDVLTTWLIDYVEDTWGSDGNPITKTTSDYQSDVSQ<br>EVRKYFCT |
| 存储条件<br>Storage      | Aliquot and store at $\leq -20^{\circ}\text{C}$ . Avoid repeated freeze / thaw cycles                                                                                                            |
| 有效期<br>Valid Period  | $-20^{\circ}\text{C}$ for 18months                                                                                                                                                               |
| 相对纯度<br>Purity       | $85\% \pm 5\%$ by SDS-PAGE                                                                                                                                                                       |
| 运用<br>Application    | Calibrator or standard                                                                                                                                                                           |
